13. (Unclassified - LLM) Called John Martiny, House Post Office and Civil Service Committee staff, concerning the hearings scheduled next week before Waldie's Subcommittee on Retirement and Employee Benefits regarding right to privacy of Federal employees (Ervin bill). Martiny felt that the full Committee would support a complete exemption for the Agency, although he was not as sure of the outcome in the Subcommittee. Martiny felt that the type of bill which would emerge would be patterned after the Committee staff proposal that we had worked on with them last Congress which excludes from all operative provisions the Agency, NSA, and FBI, and other executive agencies recommended by the President to the Congress. He said they would continue to look out for our interest and that the hearings are at an early stage with only public witnesses such as Lawrence Speiser and Clark Mollenhoff.
